Dogs 75+lbs: \$200

Dewclaw Removal (Dogs only) \$40 each

It is highly recommend that animals have an up-to-date 1yr or 3 yr Distemper (DHPP/FVRCP) vaccine for surgery. Animals that are not up to date acknowledge an increase risk of illnesses, including, but not limited to Parvovirus (Dogs), Panleukopenia (Cats) or other upper respiratory infections.

All clients must acknowledge that no vaccination is always 100% protective

Other vaccinations and services listed under the Wellness pricing are available at time of procedure and can be requested on the Spay and Neuter form.
